Relay:

<https://www.orienteeringonline.net/CompetitionBasicInfo.aspx?CompetitionID=14357>

Punching system:

SPORTident AIR+ (system for contactless punching with SI Active Cards SIAC) with a working range of 150 – 180 cm will be use. Please bear in mind that normal SI cards cannot be used, therefore please let us know in advance in case you would like to rent an AIR+ SI card.

Terrain: The northern side of Kab Hill is a typical mid-mountain terrain, the roads are difficult to cycle in some places due to forestry, and in some places they are rocky. Please pay attention to your physical integrity! Thanks to the long-awaited rain, the vegetation has become bushy in some places, so road crossings may be difficult to notice. The terrain mostly uses forest roads, but minimal vehicle traffic may occur on the roads on the edge of the map. Leaving the roads is only possible at the places marked on the map.

Prizes: The winners of the national championship categories will receive medals. Participants in the other categories will receive honoraria.

Accommodation:

Everyone can arrange accommodation independently.

Food: The nearest shops and restaurants can be found in Ajka.

Other: Everyone starts the race at their own risk, the organizers are not responsible for any damage suffered by the competitor or the damage caused by the competitor.

Wearing a helmet is mandatory!
